In re:

FURR'S SUPERMARKETS, INC.,

Case No. 7-01-10779-SA
Chapter 7

Debtor.

DISCLOSURE OF AMEC EARTH AND ENVIRONMENTAL, INC. PURSUANT TO BANKRUPTCY RULES 2014 AND 2016

AMEC Earth and Environmental, Inc. ("AMEC") hereby states, in connection with the motion of Yvette J. Gonzales, Chapter 7 Trustee (the "Trustee") to employ AMEC to render environmental consulting services to the Trustee:

1. To the best of the undersigned's knowledge, information, and belief, after making reasonable inquiry, AMEC has no connection with the Trustee, Furr's Supermarkets, Inc. ("Furr's"), Furr's creditors, any other party in interest in this case or their respective attorneys and accountants, the United States Trustee, or any person employed in the office of the United States Trustee, except that AMEC may render professional services to clients who are or may be adverse to Furr's, which services are wholly unrelated to Furr's or to this bankruptcy case.

2. The arrangement for compensating AMEC, if the Court approves the Trustee's employment of AMEC, is described in the engagement letter attached hereto as Exhibit A.

3. AMEC has received no transfer, assignment, or pledge of property for post-petition services.

1778

4. AMEC has not shared or agreed to share with any other person or entity, other than with members or regular associates or employees of AMEC, any compensation paid or to be paid by the Trustee in or in connection with this bankruptcy case.

Attn: Mr. David Thuma

Re: **Environmental Support Services**
9820 Railroad Drive
El Paso, Texas

Dear Mr. Thuma:

Based on our conversations, we understand that you, on behalf of your client, wish to retain AMEC Earth & Environmental, Inc. (AMEC) to provide environmental support services for proceedings associated with a real estate transaction and potential pending litigation. We further understand that our work will focus primarily on review of studies on the subject property by others, and confirmation of their findings.

The work scope to be conducted is not fully specified, but will likely include the following tasks:

- reviewing available data,
- conducting on-site visit,
- conducting site-specific sampling and analysis to confirm studies by others,
- interpretation of data,
- providing summaries of appropriate regulatory criteria,
- providing expert witness testimony,
- general support services as directed.

Costs for all services will be in accordance with our standard unit fees, a copy of which is attached.

It is anticipated that the initial task will include a site visit and a review of Phase I and II Environmental Site Assessment (ESA) reports generated for the parcel. The purpose of the site visit will be for key AMEC personnel to gain an initial understanding of site conditions. Additional visits may be required to review site conditions or conduct supplemental studies. No budget is set for preliminary tasks, but AMEC can provide cost estimates for future tasks prior to initiation. It should be understood that due to the nature of requested support services, cost estimates for various tasks may need to be increased from time to time as new information becomes available or as your needs change. Due the nature of support services, costs outside the budget of specific tasks may be accrued.

It is understood that all work will be conducted for Jacobitz, Thuma & Walker; however, notwithstanding any contrary provision in the attached Terms & Conditions, Yvette Gonzalez, the Chapter 7 Trustee for the Property will be responsible for payment of all invoices. It should be noted that AMEC will conduct a credit review, and if necessary require a retainer prior to the initiation of any work. A credit form is attached for your convenience.
