

WINNING STRATEGIES

Winning Strategies is a valuable educational opportunity that focuses on the nuts and bolts of federal criminal practice, including the sentencing guidelines and sentencing mitigation. Experienced and new panel attorneys can benefit from attending the Winning Strategies seminars. These programs offer varied presentations on topics of interest in both large and small group settings. The impact of important cases such as Booker and Crawford, and Fourth, Fifth and Sixth Amendment issues are also covered, along with sessions on preparing effective opening statements, closing arguments, and cross examinations, defending methamphetamine and gang cases, and attacking wiretap evidence. In addition, there is an explanation of CJA guidelines and procedures, including those related to obtaining resources for litigation support.
